Good afternoon Homeowners,

It has been brought to our attention that off-road vehicles, golf carts, and other undersized vehicles that are being rented on the island are being driven within the Villas. It appears at times the vehicles are driven in excess of the 15 mph speed limit and may be driven by underage children who do not possess valid drivers' licenses. Please be advised that security has been asked to treat these like any other vehicle and there are still only four vehicles allowed on property. We must follow the state law and children without valid drivers' license may not operate a motorized vehicle. If owners/renters are driving such vehicles on the property, they are to abide by the speed limit and drive from point A to point B; they may not be joyriding around the neighborhood. ATV's are not allowed to be driven on the property much less anywhere on the island.

Thank you,

Villas of South Padre Board of Directors
